ASSOCIATED STUDENT BODY

To Whom It May Concern
Recommending Cary Trivanovich:

The ability to hold hundreds of restless high school students spellbound is one not often found. When Cary performed for our student body, this was precisely the case, and he won the respect of all of us who had the pleasure to work with him. His extraordinary talent for relating to teen-agers was a joy to behold, and we would certainly recommend him for similar performances at any such gathering or assembly.

Sincerely,
