Dear Cary,

Please allow me to take a moment of your time to let you know the impact you made at Sonora High School. Although you were here over a month ago, our students still talk about your performance. They continue to marvel at what you are capable of doing, and they talk of your performance with fondness; fondness for you and what you created within that magical hour.

Cary, you possess the unique ability to blend your talent with a wonderful message to get kids to truly believe that they, too, can accomplish their dreams. At their age, dreams are very important!

Your finale, The Giver of Life, was spectacular and incredibly moving. I have never witnessed our auditorium so mesmerized by anything. Again, what a talent you have!

Without a doubt, Cary, you will return to Sonora High School; my students will see to that! You give your heart and soul to your audience; not many share that quality.

Thank you again for sharing yourself with our school.

Sincerely,

Steven C. Southard
